

**Preliminary Residence Life Questions**

1. How many small bathrooms per floor and are they intended to be fully accessible?
2. Does the extent of remodeling the student units go beyond finishes, mech, elect., & new windows?
3. Will there be any special accommodations for RA units?
4. Please confirm the assumption that floors are separated by gender – and which floors should have urinals.
5. Will the buildings all be keyless entry?
6. Are there any thoughts about an old fashioned phone booth/nook with a land line for emergencies?
7. How much control will students have over temperature? Will there be sensors to indicate freezing temps in the suites?
8. Will there be a refrigerator in any of the floor kitchens?
9. Are there any auxiliary spaces that should or need to be located on First Floor (i.e. Hall Council Rm, Activity Rm, etc.) instead of the lower level?
